

Wet / Dry Vacuum Cleaners

**Five Different Sized Vacuums,
Designed for any Commercial or Industrial Application,
Provide a World of Choice to Suit Your Cleaning Requirements.**

These five economical vacuum cleaners offer modern design and rugged durability.

All models come complete with accessory kit.

All models (except 420RT) come equipped with a power nozzle receptacle to add versatility and adaptability for use with a power head.

The wet/dry models have a two-stage, ball-bearing by-pass motor, the most dependable separate cooling motor on the market for wet/dry pickup.

All vacuum motors are insulated and meet the rigorous commercial regulations necessary to be CSA approved. Chemical and wear resistant polypropylene tanks will not rust or dent. These resilient tanks are long-lasting and easy to maintain.

One year limited warranty on parts and labour.
